Author Elisabetta DamiOriginal titleGeronimo Stilton Country Italy Language Italian Genre Children's literature adventure fiction (US) Sweet Cherry Publishing (UK) Published 1997 (Dami Editore) 2000 (Edizioni Piemme)Published in English2004Websitegeronimostilton.com Geronimo Stilton is an Italian children's chapter book series written by Elisabetta Dami under the pen name of the title character.[1] Scholastic Corporation has published the English version of the series in the US since February 2004, and the books are published by Sweet Cherry Publishing in the UK. The series is set in a fictional version of Earth dominated by anthropomorphic mice and rats and focuses on the title character, a mouse who lives in New Mouse Island. A best-selling author in-universe, Geronimo Stilton[2] works as editor and publisher for the newspaper The Rodent's Gazette. He has a younger sister named Thea Stilton,[3] a cousin named Trap Stilton,[3] and his favourite nephew, nine-year-old Benjamin Stilton. Geronimo is a nervous, mild-mannered mouse who prefers a quiet life, yet keeps getting into faraway adventures with Thea, Trap, and Benjamin to both fictional and real locations. The books are written as fictional memoirs of him going on them and designed and distributed in full color, depicting important words in the text as colored and in illustrative typefaces.[4] The series, it is one of the best-selling book series.[5] The books have been translated into 49 languages, with more languages in progress.[6] The series has also been adapted into an animated television series of the same name, theatrical shows, and video games. Creation In the 1990s, Elisabetta Dami found herself unable to have children, so she volunteered at children, so she volunteered at children. Care, she told humorous and adventurous stories, which would lead to her writing and publishing such stories.[6] This character was born from my heart to bring me closer to a dream I sadly was not able to fulfil: that of having children. ... I started doing volunteer work with sick children. It was at the time when an American doctor called Patch Adams taught us that children need to laugh in order to recover ... I invented and told funny stories about a clumsy mouse that had lots of adventures, with twists in the plots and guaranteed happy endings. I wanted to entertain children, see their eyes bristling with joy and create a bridge toward enchantment. It was already Geronimo, the shy mouse that ... naturally, as a firm believer in teamwork, ended up calling on the help of his many friends. Thanks to him I became a mum to millions of children and experienced the friendship that helps one achieve everything, as well as honesty and sincerity that instil value in every single gesture, not to mention the curiosity and sense of adventure that keep you going.[7] Characters This section contains embedded lists that may be poorly defined, unverified or indiscriminate.
